

PINK PING PONG BIG BANG

The Big Bang may have happened billions of years ago, but that won't stop us from making our own version here at the Atlanta Science Festival! Make sure you are there to see the explosive moment that results as we mix a thousand balls, some liquid nitrogen, and a little boiling water. The Pink Ping Pong Big Bang is sponsored by Emory University, a proud founder of the Atlanta Science Festival. Many thanks

to Dr. Doug Mulford and his ChEmory team for bringing us this unforgettable annual tradition! Don't miss the epic Pink Ping Pong Big Bang, sponsored by Emory University. Gather at 12pm in the meadow. Note that social distancing may be difficult, so mask up if you are near others!

WHAT'S NEXT

Keep the festivities going long after the Festival with our monthly science events! We'll celebrate Earth Day, take a canoe and kayak excursion, and explore soil science both here and on Mars! Also - rev up for our annual multi-generational summer book club focused on the Science of the Unseen! We will delve into the deep blue sea, discover the invisible forces around us, and venture into space through fun, interactive events and by learning from the scientists who explore the unseen realms!

Stay tuned to [ScienceATL.org](https://www.scienceatl.org) to learn more!

ATL

SCIENCE ATL

Science ATL brings people together through the wonder of science. Our mission is to cultivate an equitable community of lifelong learners across metro Atlanta who are connected and inspired by the wonder of science. Please consider supporting us with a one-time or monthly donation so that we may continue to produce events like the Atlanta Science Festival and programs like STEM Professional School Partnerships.

Read about these programs and more at [ScienceATL.org](https://www.scienceatl.org) and donate using the QR code.

ATLANTA SCIENCE FESTIVAL™

..... THANK YOU TO OUR SPONSORS

MEDIA SPONSORS

The Atlanta Science Festival was founded by Emory University, the Georgia Institute of Technology, and the Metro Atlanta Chamber.
